

What have we been learning?

Week beginning: 4th March 2024

Yesterday was Word Aware Day, and we have learned lots of new words! Our amazing outfits really helped us to remember what our words meant. Please keep asking your child what their word was, what it means, and ask about which words their friends had too. Thank you for all of your efforts to make this such a memorable day. Here are some of our outfits...

This week we have been continuing to learn about growing. We have learned that things are living if they grow—such as plants, animals and humans. As part of our learning, we enjoyed holding the chicks that have been visiting our school :)

How can you help your child with their learning?

- Get a handful of objects and count how many there are. Ask your child to get another handful and compare the two amounts. Who has the more? Who has fewer? Or do you have the same amount? How do you know?
- Please carry on reading with your child every day, for at least 15 minutes. This is the best thing that you can do to help your child with their learning. Thank you for your help with this :)
