

What have we been learning?

Week beginning: 8th January 2024

We have had lots of fun on our first week back! We have been looking back over our Golden Rules, and having fun with our friends. Our new topic for this half term is 'underwater'. We started our topic by learning about why water is so important. We went on a water hunt around school to look at all of the reasons we need water in everyday life.

We need water to wash our clothes.

We need water to water the plants.

We need water to drink to keep us healthy.

We need water to wash our hands.

How can you help your child with their learning?

- Help your child to learn how to put their coats, hats, scarves and gloves on for themselves. We take these on and off many times a day as thso your help with this would be much appreciated :)
- Do keep reading with your child at home and signing their reading record, reading is the best way to help your child's development.
- Our new topic in RE is 'celebrating'. Talk to your child about occasions that they have celebrated e.g. birthdays, baptisms, anniversaries, weddings, New Year's Eve, etc.
