

What have we been learning?

Week beginning: 28th April 2025

In RE, our new topic is good news. We have been discussing what good news is, and talking about how we feel when we have good news to share.

It's my birthday soon on the 20th May!

My mummy is having a baby!

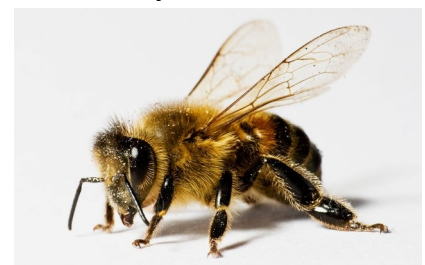

On Thursday, we went to see Father Tom's Easter Garden. We spoke about Easter and looked for signs of new life :)

We have been learning all about busy bees this week. Ask your child some facts about bees.

- ⇒ How many wings do they have?
- ⇒ How many legs do they have?
- ⇒ Is a bee an insect?
- ⇒ How do bees make honey?
- ⇒ Do all bees make honey?

How can you help your child with their learning?

- Help your child to count by adding on, you can play a game with them at home that involves using a dice - for example if they are on number 6 and they roll a 5—they need to count on 5 spaces to get to 11. We are focussing on numbers to 20.
- Please carry on reading with your child every day, for at least 15 minutes. This is the best thing that you can do to help your child with their learning. Thank you for your help with this :)
