

What have we been learning?

Week beginning: 2nd June 2025

This week we have been learning how to look after our wonderful world. We learned that God created the world in 6 days in the story of Genesis, and rested on the seventh day. This is why there are 7 days in a week. We went on a walk around the playground to spot all of the natural things in our world that God made. We also learned about rubbish and recycling. We used some recycling to make our junk model art. Thank you for bringing your recycling in to help us have lots of choices when making our art :).

How can you help your child with their learning?

- Help your child practice their lines for our minibeasts presentation to parents on **Thursday 12th June**. Help them to stand tall with their hands by their sides, and to use a big public voice so everyone can hear them. Learning their line helps them to be more confident :)
- Please do keep reading with your child every day. Reading for just 15 minutes each day is the single most important thing you can do to help your child's learning.
