

What have we been learning?

Week beginning: 24th November 2025

This week we have been continuing to learn about birthdays. We held a birthday party for our class baby, Rosie. We discussed when our birthday is, and how we celebrate our birthdays. We have also been learning that our birthday is the day that we were born. We have been busy creating our own birthday cards, bunting and balloons. We had a dance, played some games, sang to Rosie, and ate some party food :)

In our writing lessons this week we have been learning to make a list of cake ingredients for Kipper's Birthday. We have been learning to sound out each word and write it next to the picture. Ask your child to help you make a simple shopping list and help them to sound out the words to spell them :)

Mikael

Kipper needs milk, jam, eggs, sugar, flour, butter and icing to make his cake.

How can you help your child with their learning?

- In phonics this week we have been revisiting all of our sounds, and focussing on the digraphs ch, sh, th, ng, ck, and qu (sounds with 2 letters). Please read your child's new phonics books with them every day, it is the most important thing you can do to help them make progress.
- Please encourage your child to dress themselves— zipping/unzipping their coats, doing up their buttons, putting clothes that are inside out the right way and tucking in their t-shirts. At this time of year we are taking coats on and off very often. Thank you for your help with this.
