

# What have we been learning?

Week beginning: 16th March 2026

In RE this week we have been learning about how to be more like Jesus during Lent. We have made our own Lenten promises which we have hung on our tree outside :) We also started learning about Holy Week. We learned that Jesus died on Good Friday. We learned that during his life some people became jealous of Jesus, and planned to get rid of him. Jesus knew that whatever happened, God his Father loved him. Jesus asked God to forgive them. We know that Jesus died because he loves all of us.

In art this week we have been learning how to create sunflower still life pictures inspired by Vincent Van Gogh :) )

## How can you help your child with their learning?

- In maths we are focussing on the numbers 9 and 10. Help your child practise making these numbers. Ask them "What do I need to add to 6 to make 10? What do I need to add to 5 to make 9?" Help to show them by using real-life objects e.g. pasta shapes.
