

What have we been learning?

Week beginning: 9th December 2024

This week we have been learning all about the nativity story. Thank you to everybody that came to watch our show, we loved being twinkly stars! Acting out the nativity story has really helped us to understand why Christmas day is so special :)

In maths this week we have been looking more closely at the composition of 4 and 5. We have been adding numicon shapes together to make 4 and 5 in lots of different ways. We have also started writing our own number sentences!

How can you help your child with their learning?

- Talk about Advent and Christmas with your child. How do you prepare for Christmas? How does it feel waiting for Christmas? Ask them about Advent wreaths, can they find any around? E.g. at church, on doors, in shops.
